

Legalize It!

Action toolkit

Want to help **legalize housing** in Ontario? Here are a few simple steps you can take:

1

Write to Doug Ford and housing Minister Paul Calandra asking them to pass Mike Schreiner's **Homes You Can Afford in Communities You Love Act** when it's up for debate in the legislature on February 28.

Send a letter

2

Sign the petition calling on Doug Ford to **legalize housing** by passing the Homes You Can Afford in Communities You Love Act.

Download

Once you (and all your friends and family) have signed, send the petition to:

**Green Party of Ontario
PO Box 1132, Station F
Toronto ON M4Y 2T8**

3

Organize a community action! Team up with your friends and go door-to-door collecting petition signatures in your neighbourhood. If you want to organize an action, reach out to **organizers@gpo.ca**.

4

Email or call your MPP and ask them to vote in favour of Mike's bill on Feb. 28. Need a script? We've got your back!

Get the script

5

Request to speak at an upcoming meeting of your municipal council's planning or housing committee.

Ask them to **pass a bylaw** that would amend their official plan to allow for fourplexes and four-story apartments in all neighbourhoods as of right, and for midrise buildings between six and 11 stories on transit corridors and main streets. Contact your municipality to learn more about this process.

6

Attend a meeting of your neighbourhood's local residents or ratepayers association. Talk to your neighbours about why you support legalizing missing middle housing and how you think it can help us build happier, healthier communities. You can also join your community's local pro-housing organization.
